

O HOLY GOD

Capo 2

1. Before the earth was made it was formless
Then You said the word and it was,
'Let there be light' You said to the darkness
And the light it shone all around.
You set the – sun, moon and – stars into space.
All of creation now - sing out His praise!

Chorus: D A
 O Holy God
 Bm G
 Great are You Lord
 D A
 High and above
 Bm G
 Ev'ry created thing. X2

2. And still Your light it shines in the darkness
But the world has not understood.
You sent Your Son in flesh down among us
And He carried the load of our sin.
What is man – that You are – mindful of Him?
Lavishing – all of Your - love upon Him.
